ACADEMIC PROFILE

Full Professor of Economic Geography and Environmental Management. My research focuses on regional development, European public policy, the circular economy, energy transitions and their social acceptance. It combines spatial econometrics, network and text analysis, GIS, interviews and collaborative research. I lead and contribute to European projects on territorial justice, ecological transitions and transition governance.

Research fields and methods: public policy and territories · circular economy and ecological transitions · social acceptance · spatial econometrics · network analysis · GIS · text mining · qualitative methods

CURRENT APPOINTMENTS AND LEADERSHIP

- Full Professor, IÉSEG School of Management, Lille, since January 2026; member of CNRS–LEM UMR 9221.
- President of the French-Speaking Regional Science Association (ASRDLF), 2026–2028 term.
- Scientific lead of JUSTPLACE (Horizon Europe, 2026–2029) and of the IÉSEG team in ACCESS Hubs (Interreg North-West Europe, 2026–2029).
- Book Review Editor, Papers in Regional Science, with editorial responsibilities across several international regional-science journals.

ACADEMIC APPOINTMENTS

PERIOD	APPOINTMENT
2026–	Full Professor of Economic Geography and Environmental Management, IÉSEG School of Management, Lille; Department of Management & Society; CNRS–LEM UMR 9221.
